Yan Farm Health Limited
Cookies Policy

About This Cookies Policy
Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

This Cookies Policy explains how cookies are used on our website at www.yanfarmhealth.co.uk.

About Cookies and How We Use Them
Cookies are small data files which are placed on your computer or mobile device when you visit our website. The cookies are then used to gather information about your use of our site or in some cases, to allow you to be recognised as an existing user when returning to the website. In general terms, cookies can be categorised into the following broad categories:

- **Functional and required cookies.** These are cookies that are required for the operation of our website, and for its functions such as recognition of returning visitors.

- **Analytical or performance cookies.** These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

At the moment, we use the following types of cookies, and you can find more information about the individual cookies we use and the purposes for which we use them by following the associated links:

- Functional and required cookies

- Analytical and performance cookies

We do not share the information collected by the cookies with any third parties.

Session cookies and permanent cookies
Some of the devices which are used on our websites are used for the current session only, i.e. to recognise returning users. This means that the cookie will expire when your session finishes. Others are permanent cookies which will be stored on your computer and will be used to recognise you as a user, the next time you visit the site. The links above show how long each type of cookie which we use lasts.

Cookie settings and more information
Broadly, you can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our website.

You can find out more about how to manage and delete cookies by visiting www.allaboutcookies.org

You can also find out about disabling cookies on the following sites for different browsers:

Chrome
